

ANNUAL REPORT 2020 - 21

COVID – 19 has blown away the whole world astronomically. Education Industry has taken a new avatar and terms like ‘Virtual Teaching’, ‘Homeschooling’, ‘Webinar’, ‘Virtual lab’, Google meet, Zoom, Team has become customary.

We aren’t exempted. The well planned Academic Calendar (2020-2021) was kept aside.

The teachers were made to attend Webinars to equip themselves in handling technology.

The challenging assignment was handled with great ease by the teachers.

We started our academic year from April 1st.

As warm – up and to create awareness about COVID – 19 among, children various competitions like poster making, drawing, essay writing, collage, speech, poem writing on the topic of Corona was conducted. Digital certificates were distributed to the winners.

Throughout the year various competitions like Qirath, Art from Waste, Thirukkural recitation, Article writing on events of Independence Day, Virtual Fancy dress competition on Children’s Day, Planting sapling, Mehandi art, Art with egg shell and many more were conducted and children participated with full involvement. The children were introduced to Doodle art, art with spices, pulses, cereals, Spray painting, Pencil shading, cartoon drawing and so many to make learning art integrated and fun.

All club activities were scheduled throughout the year till November. Art Integrated learning activities were assigned to children and collected by and by.

Our kids participated in ‘Art Contest’ conducted by ‘Kayal Kids Club’ and won II prize.

Kids between grade 3 – 10 participated in Discovery Super League, National level Quiz Contest and selected to the next level. Students also registered for Silver Zone Olympiad Exam and taken the exam. Children took part in CBSE introduced competitions too.

‘Virtual Think Room Day’ was organized by Chrysalis - our Education partner for grade L.K.G – II. Parents and students with the support of the teachers presented it very well.

Monthly Assessments, Half Yearly Exam, Annual Exam were conducted keeping in mind the children’s physical and mental strength.

Teachers attended good number of webinars and workshops conducted by CBSE, Various publications and updated their subject knowledge. Implementation of Art Integrated Learning in various subjects, Cyber Safety Security were few more. Teachers downloaded DIKSHA app and undergoing Capacity Building Programmes, Experiential learning modules, modules related to Competency Based Education, Early Childhood Education and many more available. Two teachers contributed their content for the subjects English, Social to CBSE, Vidya Dann. Teachers participated in various webinars related to NEP -2020 and registered their suggestions.

This year is very remarkable not because of Covid-19 but the boom and bang of technology in Education field. The bitter part of it, the sharing of screen time is more which may affect the vision and mental ability of the kids.

A very sincere thanks to the parents’ Community for their arduous efforts and cooperation to balance their child’s learning process amidst the unprecedented shift.
